27 November 2009

To the Shareholders of BlackRock Global Funds (the "Funds")

Dear Shareholder

The Directors have reviewed the implications of opening the Funds for dealing on 24 December 2009 which would normally be a Business Day under the terms of the Prospectus, in the light of low trading volumes on and early closure of stock markets in which the Funds invest, historically low levels of activity by shareholders in the Funds and early closing times by the Funds' service providers. The Directors have therefore taken the view that it is in the best interests of the shareholders in the Funds not to open the Funds for dealing on 24 December 2009.

The Directors have therefore declared that 24 December 2009 will not be a Business Day, as defined in the Prospectus, for the Funds and, therefore, there will be no valuation of the Funds or dealing in the Funds on this day. Any dealing requests submitted after 12 noon (Luxembourg time) on Wednesday 23 December 2009 in respect of the Funds will then be processed on the next Business Day for the Funds, being Monday 28 December 2009 (as Friday 25 December is a public holiday in Luxembourg).
